WHEN THEY CRY

～皆殺し編～

Where
Am I?

That one...
It's me?!
But...
I'm still right here...
What... Could this mean?
... In the end

Even in the Tsumihoroboshi-hen world...
Furude Rika ended up being killed in June of Showa 58...
Who's there?!
You just said I was killed...
What are you talking about?!
My, my... Calm yourself down

At least we can still meet here after it all...

...
Me?
No.
I am Frederika Berkenstel
What...?
I am not Furude Rika, I am a different person.
That's right...
Hm
But we look so alike...
But...
Different person?

.....
.....
Huh?
What?
Since you just died, your memories aren't quite back yet
But you should vaguely understand things
What's she saying...
That's right...
You and I are the only beings able to watch it from the outside.
This ever-repeating story of Hinamizawa
.....
I guess it'd be better to say that I have a different personality
There are some people who call me a witch
But my name is irrelevant now
What really is important is-

...
I
see...
I...
Knew
it
Are being
repeated over
and over again
Furude Rika's
life and its demise

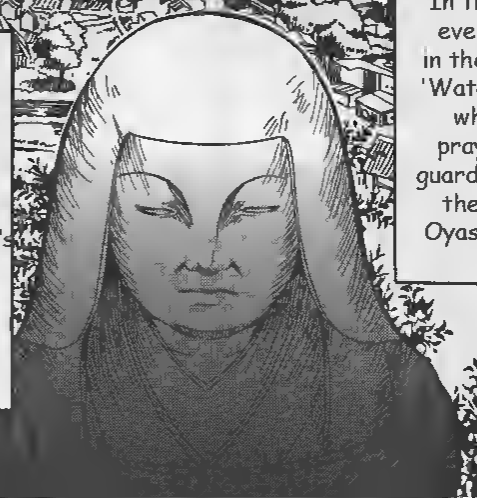
I've repeated my life countless times, for over a hundred years, and every time I got killed!

The stage is Hinamizawa

In this place, every June, in the night of 'Watanagashi', where we pray for the guardian god of the village, Oyashiro-sama

A series of mysterious deaths -Popularly known as 'Oyashiro-sama's curse'-

Happens every time.



On the first year, June of Showa 58
The manager of the construction site was dismembered
In the following year, the second year, Satoko's parents, who supported the dam, fell to their deaths while traveling
In the third year, the Furude Temple priest, my father, died suddenly of a strange disease
And my mother drowned herself
In the fourth year, Satoko's aunt was beaten to death.
A few days after the incident, her brother Satoshi mysteriously disappeared
And then, on June of Showa 58...

On the night of the fifth year...
This time too...
I could not reach a future beyond June of Showa 58
Or a few days later, I am always killed...
So

This fragment was useless as well
...
Yes
These are infite worlds of possibilities centered around me.
They are crystalized fragments...

It seems you've remembered...
That's right.
These are the worlds you've been watching.
...
For example
So I give them names.
I think of these fragments as books.

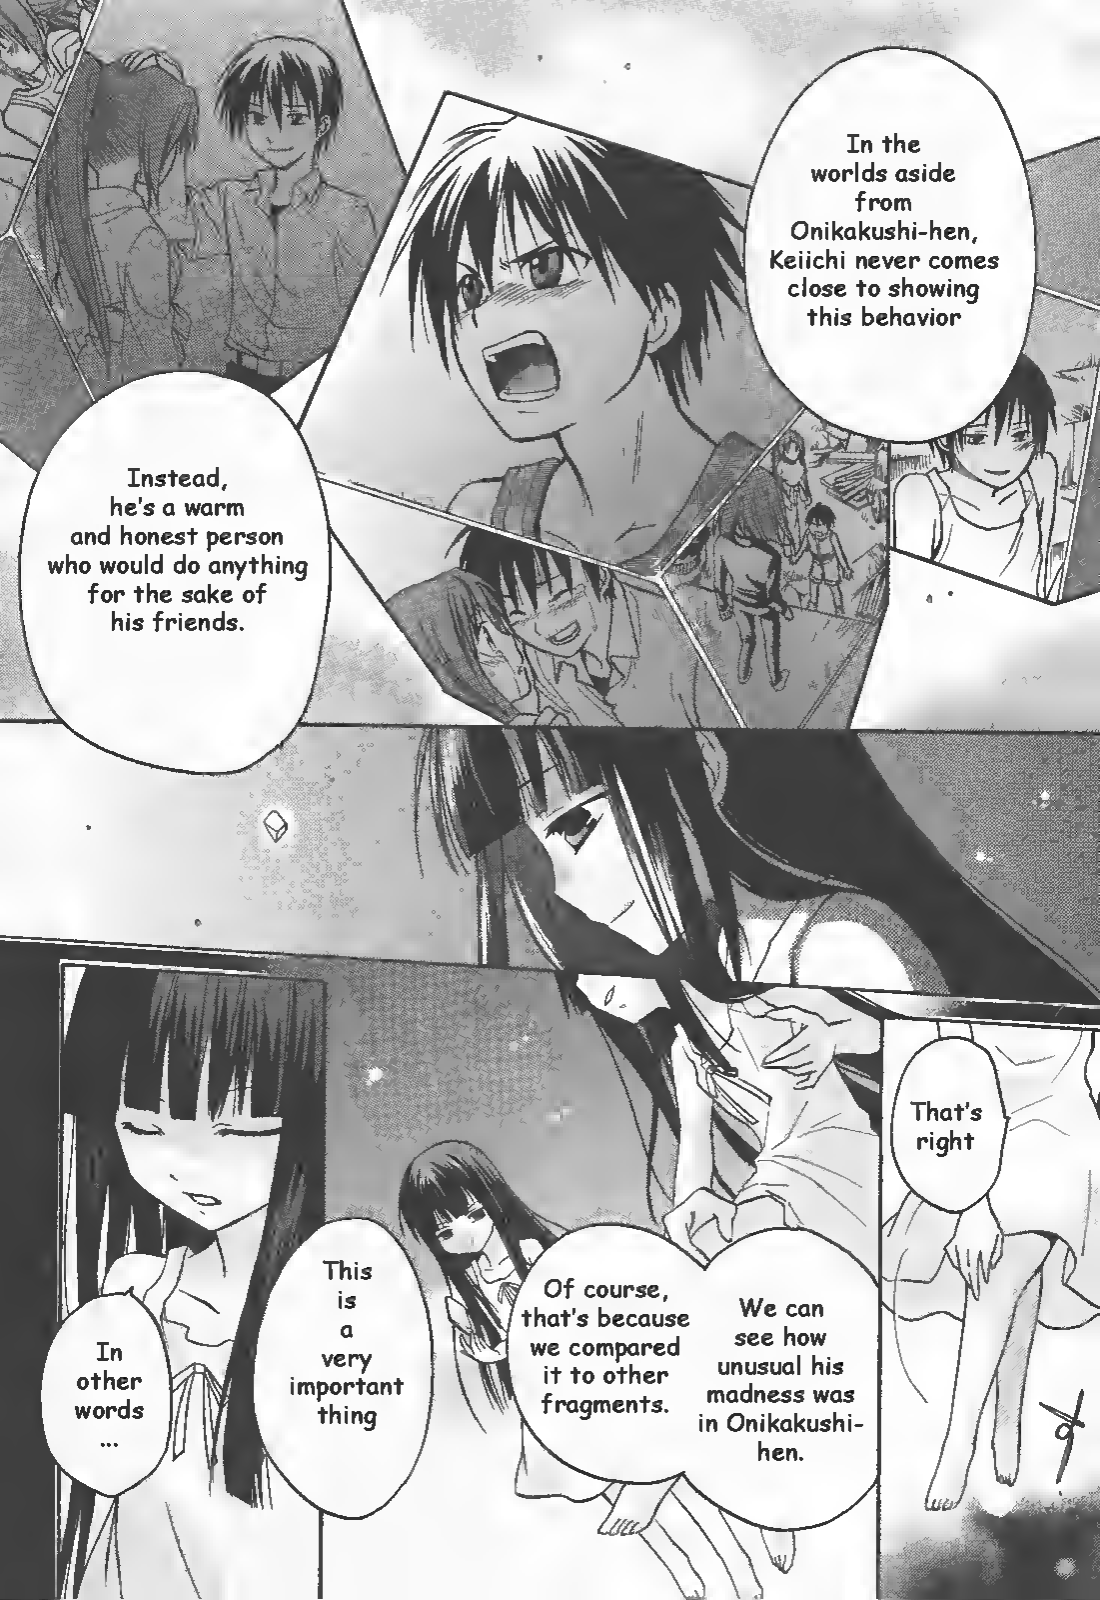
Note: Hen: chapter or book
This is Onikakushi-hen
That one is Watanagashi-hen
And this is Tatarigoroshi-hen
Hm?
... Stop it

Don't show me!
I don't wont to see thot one ever ogoin
Okoy, I'm very sorry...
I see you completely obhor the frogment where your best friend Sotoko is completely broken...

At any rate...
You've been watching these fragments, these eternally repeating worlds...
From inside these closed-ring worlds, right?
And the people inside of these rings...
Have no idea that things are repeating themselves
But since you and I are outside of these worlds,
We are able to understand
However, this is merely a premise...
What is *really* important...

Is the existance of the three rules
that are constant in these repeating worlds.
I wonder if you're aware of them, hm?
... That is

Obvious
If you simply overlap the fragments of the stories you've been watching, you'll easily understand the rules.
For example, in Onkakushi-hen...
Maebara Keiichi became possessed by a mad suspicion towards all of his friends
If you look at this by itself...
You could say that Keiichi is a person who deeply distrusts others and is prone to psychosis
And ended up beating Ryuugu Rena and Sonozaki Mion to death.
However...



In the worlds aside from Onikakushi-hen, Keiichi never comes close to showing this behavior
Instead, he's a warm and honest person who would do anything for the sake of his friends.
That's right
We can see how unusual his madness was in Onikakushi-hen.
Of course, that's because we compared it to other fragments.
This is a very important thing
In other words ...

If we simply overlap the fragments...
The common facts from all of them will be close to the truth
That's what you mean, right?
If you simply think like that, you can find out the hidden rules
Yes
コク

As you were saying before, Maebara Keiichi was possessed by a mad suspicion
He didn't realize the consideration that Rena and Mion had when they hid the series of mysterious deaths from him.
They didn't want to scare him...
Instead he thought that his friends were involved in the murders
Likewise, the one victimzed in Watangashi-hen and Meakashi-hen
Was Shion, Sonozaki Mion's yougner twin sister.

In Showa 58, the vanishing of her beloved Houjou Satoshi
Her retaliation went completely out of control
and she killed many people, guilty or not.
Then, in Tsumihoroboshi-hen, the one victimized was Ryuuguu Rena
Was the beginning of her suspicions about the Sonozaki family's involvement. Their bitter hatred towards the Houjous was all the evidence she needed.

Not being able to escape from the unhappiness of her family, she killed two yokuzo who were targeting her father.
And then, due to certain events, she suspected that the Sonozoki family was behind Oyoshiro-sama's curse.
In order to get the police's attention, she confined herself in the school and took the students hostage.
The character, motives, and crimes are many.
But the fact that they all committed a crime out of mad suspicion coincides.
From that, we can derive the first rule...

In short...
"A random person in Hinamizawa is possessed my a mad suspicion
and then is induced to commit horrific acts of violence"
This is rule X

And then...
We have something that is repeated more clearly in every world.
Tomitake Jirou and Takano Miyo being killed on the night of Watanagashi is a constant rule as well...
An absolute fate
It happens in every fragment without exception.

Rule Y is more stable then rule X, where "somebody commits an act of violence randomly"
With rule X, somebody commits an act of violence.
The deaths of Takano Miyo and Tomitake Jirou have no connection with that, so they are killed by an absolute and strong will
With rule Y, the method of killing remains the same.
That is rule y
However ...

Even though these two rules ore independont of one onother,
the protogonists who committed violent murders becouse of rule X
olwoys try to relote the deoths of Tomitoke ond Tokono to their own impending crisis
"Since Tomitoke ond Tokono were killed, I might be in donger as well..."
Thot's probobly whot they're thinking
... Those guys

It's because Ooshi Kuraudo and Takano Miyo always
Ooishi firmly believes that the criminals behind the events are the Sonozakis.
He also fed Keiichi's and Shion's mad suspicions in Onikakushi hen and Meakashi-hen.
Likewise, Takano Miyo spurred on Rena Ryuuguu into madness back in Tsumihoroboshi-hen!
Try and bind those two rules together!

If they just didn't exist...
My friends wouldn't be driven to madness!
!
I can't even think of Ooishi or Takano as likeable people
Instead, they disgust me to no end

However, you do realize that these two are not the only ones at fault... Right?
.....
.....
Behind the acts of those two, there is still one more rule, you know.
Of course I know that.
That's right
This is the very last rule!

All of the incidents taking place in Hinamizawa are the deeds of the Sonozaki family...
This is something that everybody belives!
Rule 21
The Sonozaki family has always acted like they were moving around in the shadows behind all of these incidents.
Ooishi, Takano, and the villagers began to realize this.
But-

That's why
As expased by Shian in Meakashi-hen
The series af mysteriaus deaths in Hinamizawa during Watanagashi came ta be sa suspiciaus.
The curse is a bluff put an by the Sanazaki family.
Nathing mare than a mere bluff.
that's right

However, it may just be a coincidence that every murder happened on Watanagashi.
Because of the existence of rule Z, everybody is convinced that the people behind these serial murders are the Sonozakis.
Because of these three rules, none of my friends can ever be happy... For now.
But everybody is convinced thatall of the incidents are linked together, making them even more suspicious..
That suspicion triggers the acts of violence

Hey ...
Don't you think this is on interesting world?
How, with only three rules in one smoll town
Con we see so mony different possibilities? It's like o koleidascope...
... Inter-esting?
By overlopping the worlds, there is one last foct to know...
Thot foct is-

That I am killed every time without fail?!
I can do nothing but watch the fragments here, so there's not much fun
Forgive me...
... I'm truly sorry

Here, the absolute will to kill is the same.
I am always killed in June of Showa 58.
Tomitake and Takano are always killed on the night of Watanagashi.
That's why Furude Rika's death probably applies to Rule Y as well.
Because of this, I cannot oevrcome June of Showa 58
Forever imprisoned in a dead-end world.
Why do I have to be killed over and over?!
Why do I have to have my future stolen away?!

Because when we're killed, time rewinds again.
However, you and I don't know what happens after Furude Rika is killed.
If we knew something that happened after you were killed, we could search for reasons.
.....
.....
But
Like in the worlds of Watanagashi-hen and Meakashi-hen where she is killed by Sonozaki Shion, who was the one comitting the horrible acts
Sometimes she is killed by the protagonist of the tragedy.
While Furude Rika is usually killed by the strong will.

It would be something we wouldn't know anyways
Well,
Even if there were some differences in the stories after Furude Rika's death due to different rules...
It can't be...
And the chances being given to me are already scarce...
That's right, the life span of Rika's heart is running out due to the long journey
And Hanyuu's power to rewind time as well.
.....
But-!
I WANT TO KNOW THE TRUTH!

I want to overcome June of Showa 58!
And grasp a happy day along with all of my friends!
.....
It's about time
... Ah
ヤヤヤ

Hey.
We could not overcome Rules XYZ before...
So the probablity of overcoming them is extremely low.
...
...
Even So!
This time, I want to defeat fate!
This time, I want to find out...

I wanted to know the world outside of the well.
So I tried to crawl out from the bottom.

I wanted to know the world outside of the well.
So I tried to climb up, no matter how many times
I fell and hurt myself.

But then I realized
The higher I climb, the more it hurts when I fall

When my curiosity of the outside world equaled my pain,
I finally understood the story of the frog prince

...
I see
It
rewinded
...
At that time...
Did I die again ...?
ggh

I understand
The time limit for the explosion was set, and everybody was ready to give up...
Taken by madness, Rena shut us in the school and sprinkled gas in the classrooms
Now... Rena is just like I was at "that time"
Keiichi remembered about a different world that only I should know about.
And then...
.....
Wha...

Keiichi set Rena free
From her madness!
... That,
Was a ray of light
raising in the dark and closed labrynth that imprisoned me

I felt like something was going to change.
So I could feel it this time...
I went through medical examinations at the clinic
... However, after Rena surrendered to the police
And on my way back home...

It's
useless
...

Why do I lose my life?!
This time I have to find that out!
I can't remember anything...
The memories of my own death are always so noisy...
七月
Hey...
You're there right...?
Answer me!
What day and month is it today?

Haauu
.....
Hanyuu
おずず

Today is June of Showa 58
Err... Well
おうおう
If I'm not mistaken...
The Watanagashi festival will be the week after next
!!?
Th...
Then we don't even have a month to live?!
Hau Hau ....

It can't be...
.....
For over...
A time so long I can barely remember it anymore.
For over a hundred years,
Together with Hanyuu, I've been repeating my life.

Hanyuu is a being that has always been with me.
Even more than my own parents.
オギャア オギャア
え!?
Only I could see her
She is a super-natural being

And then-------

Every time I die, Hanyuu's miraculous power
brings me back to life, and I still have the previous memories from before I died.
.... How-ever
Rika

....
Hanyuu
Even if you keep your hopes up, it's already hopeless...
Because of fatigue from our long journy, Hanyuu has nearly resigned her heart
...
And-

As o result of seeing worlds where nothing but trogedy is born
The hope thot my heort held wos peeled owoy,
ond the courage I once hod has vanished into dust.
I've nearly resigned my heart too...
And now,
Honyuu's power, which used to be oble to rewind time to yeors in the past, is now completely weakened.

Now we can only go back two weeks before Watanagashi
This might even be the last time we're able to rewind time...
RIKAAA!
Ri-
ゴクッ

Do you have a sprain, Rika-chan?
Are you alright?!
Where are you hurt? Let the old man here take a look!
....
.....
.....
.....
Eh?

Ah ...
Well, Hau... you were and you playing accidentally with fell off everybody, of a cliff
This time, we'll start from here
I see...
That's why my foot has been hurting for a bit...
Rika ... ?

Mi
...
I only sprained my foot a little bit
NIPAAAH-!
Well, Mion-san, did you bring a compress?
Oh no
This old man doesn't have any on him right now...
Rika-chan has to have medical care, poor thing,
Poor thing...
They're really good people ...
It's a pity they can't see me...
...
Usually

And Mion's just a noisy girl who loves games, however...
Whenever Rena sees something cute, she just loses it.
Satoko like to play little pranks a lot
I know that they're all such kind-hearted people who see me as one of their good friends
Since I've spent this summer with them so many times
That's right...

I just want to live a life with them that doesn't involve pain and suffering!
By the hands of someone,
How-ever
Or by the hands of my own friends, taken by madness
I have fought alongside Hanyuu through this long journey.
Wishing for that alone

The path to my future always...
Ends up blocked
As you can see, I'm perfectly fine
Ah
My house is close to here, so I'm just going to walk home
Rika ...
Rika chan
You shouldn't overdo yourself...
Eh?

I'll take you over to the manager's place
We'll have him take a look at you there.
!!?

Mii ...
Usually, Keiichi isn't the most delicate person in the world
Sorry if I'm a bit slow, I'm not too accustomed to mountains
At these times, he behaves like a real gentleman
Rika-chan being hugged is so cute! Ri-Ri-Ri-
WAA!
I'M GONNA TAKE YOU HOME...!!
Compose yourself Rena! Rika-chan is injured!!
Kei ...
Keiichi, you're exaggerating
Rena-san, calm down ...
No
I can walk fine by myself

Even if it's just a light injury, it'll get worse if you overdo it
Just leave it to me!
な?
... Keiichi ...
.... He ....
In the 'world' that I was in just a little while ago,
When Rena attacked Mion
Keiichi bravely stood up to her
... And then

He did everything he could just to save Rena
That doesn't match up with the usual Keiichi I know
He was indomitable and reliable
Like when Rena risked her life trying to save a maddened Keiichi so long ago
Apparently he too was capable of risking his life to save his friends

!!
Keiichi recalled the memories of the previous worlds!
... That's it!

And then, a strange miracle that I had never seen before
Was created by him!
If he has these memories in this world as well,
There couldn't be a more reliable ally!
and he truly understood the situation I'm in ...
Not 'if'
No ...

... Keiichi
If Keiichi managed to bring a miracle last time,
Hm?
What's wrong Rika-chan?
I'm sure he'll be able ro remember this time as well!
... Rika?

Keiichi, do you remember?
What?
...Ah
He remembers
He should know about this
Don't you remember?
About when you went up onto the school's roof!

Because Keiichi really did experience it
.....
Back then,
You fought for everybody, didn't you?
Please, remember!
Ah

He remembered!
Rika-chan ...
Keiichi!

I'm sorry ...
I don't have the slightest idea what you're talking about

...
Rika?
Aah
...

Is it really
Completely useless?!

Why would Keiichi-san be fighting on the school's roof in the first place?
Did you happen to bump your head as well?
... Are you alright Rika?
guu
... . Mii
What the...
Were you dreaming Rika-chan?
Keiichi-kun fighting would be so cute, cute
He-Hey, Rika-chan!

NIPAAAH-!
I'm fine now!
Thank you Keiichi!
.....
.....
There's no way he'd remember...

If mriacles happened that easily
Rika and I wouldn't have to go through these hardships.
Maybe
A miracle, like Keiichi remembering past worlds, will not ever happen again
... You're right

It's a miracle that I'll probably never see again
It would be like getting all 6's on the dice in Sugoroku 10 times in a row
Hanyuu probably can't do anything anymore
In that case
With less than a manth in my hands now
What will I do with this wall that I haven't been able to break through for over 100 long years?!

Rika-chan?!
.....
And so
I'll yet again...

カナカナカナカナ
In two weeks from now
Like the summer cicadas, we are fated to vanish at the end of the festival
Let's just give up, Rika.
